Dear Governor Martinez:

During our meeting of August 31, 1983, on the status of the Jackpile-Paguate Environmental Impact Statement (EIS), Mr. Ron Solimon indicated that the discussion in the working document did not represent the Pueblo of Laguna reclamation alternative. As we indicated during the meeting, we wish to represent the Pueblo's needs and desires, and also proceed expeditiously with preparation of the EIS. Therefore, we would appreciate your forwarding specifics on the Pueblo's alternative for inclusion in the draft document. To ensure timely inclusion of this information, we need to receive the Pueblo's alternative by September 30, 1983.

If you have any questions in regard to this request, please contact me or Mike Pool (EIS Team Leader) at (505) 766-3114.

Sincerely,

Herrick E. Hanks
